Before Time

**

And things had come to past

Before another thought

How time had changed so fast

Something so close but still I couldn't have fought

I ran off far away

And wouldn't look

So forever away I stayed

You don't know what you took

And through the gentle breeze

The waves of green grass

I wonder if you could ever forgive me please

Could I ever get past

Silence all around just you and I alone
I stared down to see
Your name in the cold stone
How could this ever be
And now I feel hollowed out
Remembered times of before
How I had walked about
But you asked for more
Then under the silver moon in the sky
I slipped a golden ring onto you
And you had begun to cry
Then back in my embrace were you
So distant does this all feel
Like your touch had never been
Even the kisses we did seal
My motives I could never defend
And every day this passes my mind
But nothing will ever be enough
Maybe someday I will find
Peace after so much

End
file.
